## RUSSIANS BLOWN UP

SEVENTY-FIVE PERSONS KILLED

BY THE EXPLOSION OF A BOMB AT HARBIN.

## DESTROYS ARTILLERY DEPOT

TEN MILLION PROJECTILES ARE

ALSO BLOWN TO PIECES BY THE EXPLOSION.

St. Petersburg, April 4.—Seventy-five persons, including four artillerymen and forty Chinese coolies, were killed during the day by the explosion of a bomb in the artillery depot in Harbin. The man who caused the explosion was also killed. The entire laboratory, a huge establishment, was wrecked and 10,000,000 projectiles were destroyed—2,000 packing cases containing 5,000 each. Millions of other projectiles not yet completed were made useless.

## RUSSIANS WILL FIGHT.

Renewal of Hostilities Expected to Begin Below Gunshu Pass.

Gunshu Pass, Manchuria, April 4.—A renewal of fighting is expected shortly. The concentration of the Russian army is complete, with its advance lines south of the station of Sipinghai, seventy-four miles north of Tie pass. The Japanese are screening their movements well by means of cavalry and it is difficult to locate the bulk of their army. A heavy movement seems to be in progress on the Russian flanks. The railroad station at Changtufu, forty to fifty miles above Tie pass, is occupied by Japanese artillery, but so far as ascertainable it does not cover a large body of troops.

## THOUSANDS ARE HOMELESS.

Much Suffering Among the Chinese Near Mukden.

General Oku's Headquarters in the Field, April 4, via Fusan.—There is much suffering among the Chinese in the vicinity of Mukden. Scores of villages were destroyed in the recent fighting, and 100,000 people are homeless and destitute. The Chinese government is now feeding and housing 60,000 refugees at Mukden and also furnishing seed grain. There is little prospect for good crops this season, owing to a lack of farm animals and implements.

The Japanese are employing thousands of Chinese and paying them liberally.

## BOUND FOR VLADIVOSTOK.

Rojevsky's Squadron Leaves Madagascar Waters.

St. Petersburg, April 4.—A letter from Vice Admiral Rojevsky to his wife, which has just been received here, indicates that the departure of the Second Pacific squadron from Madagascar waters is final and that it is now on the way to Vladivostok.

General Liapounoff, governor of the island of Sakhalin, has telegraphed to the Red Cross society asking them to send Sisters of Mercy to the island in view of the probability of military operations against Sakhalin in the spring.

## DRIVE RUSSIANS NORTH.

Japs Continue to Pursue Linevitch's Army.

Tokio, April 4.—The following has been received from the Manchurian army headquarters:

"On Sunday a portion of the force occupying Kaiyuan drove north the enemy holding Aishenkao, twenty-six miles northeast of Kaiyuan.

"One hundred Russian sanitary corps men have been delivered to the Russian army. They highly appreciate our kindness."

## Russian Squadron at Jibutli.

Jibutli, French Somaliland, April 4.—The division of the Second Pacific squadron commanded by Admiral Nebogatoff, from Suez, March 26, anchored off this port Monday.

## BLOODY TRIBAL WARFARE.

Natives of Liberia Engage in Deadly Combat.

Liverpool, April 4.—According to a report brought by the Royal Mail steamer Sokoto from West Africa, tribal warfare is now waging in Liberia. Natives of the Picanannynes tribe on March 13 attacked Cestos, killing sixty men and eighty women. The Cestos natives are organizing a big counter expedition. When the Sokoto sailed a fierce encounter, with much slaughter, was expected.

## Presidential Train at Columbus.

Columbus, O., April 4.—President Roosevelt's train passed through Columbus at 1:25 o'clock Tuesday morning.

## INVESTIGATION IS BEGUN.

Affairs of Equitable Life Assurance Society to Be Probed.

New York, April 4.—The most important development in the Equitable Life Assurance society's affairs during the day was the announcement by Governor Higgins, at Albany, and by President James W. Alexander of the society in this city, that the state superintendent of insurance, Francis Hendricks, had begun an investigation of the company's affairs.

This was followed by the introduction in the state senate at night of a resolution providing for a legislative investigation of the Equitable.

This action by the state authorities follows a request made by Mr. Alexander to Superintendent Hendricks by letter, Feb. 21, and by Mr. Hyde in a later letter, announcement of which was made last Saturday night.

In an authorized statement—the first Mr. Alexander has made since the state superintendent was called into the controversy—the president of the Equitable says that the investigation by Mr. Hendricks "is now in progress." "Its result," he said, "will establish the truth or falsity of many matters which are now being alleged on the one hand and controverted on the other." He also takes occasion to deny some of the statements made formally by Mr. Hyde last Saturday night.

## ELECTIONS IN MICHIGAN.

Republican Candidate Elected to the Supreme Court.

Detroit, Mich., April 4.—Judge Joseph B. Moore of Lapeere, the Republican candidate, during the day was elected to the supreme court by a majority of about 75,000. The Republican candidates for regents of the state university, Arthur Hill of Saginaw and Dr. W. H. Sawyer of Hillsdale, and the Republican candidate for member of the state board of education, W. J. McKone of Calhoun, were also elected by the same majority. As is usual at spring elections the vote was rather light. The weather was rainy throughout the state. Gustave Heine, Democrat, was elected mayor of Greater Bay City; in Flint, D. D. Allen, Rep., was elected and at Sault Ste. Marie, Frank Perry, Rep., defeated the present Democratic mayor. One of the surprises in the state was the defeat of Judge Howard West for re-election as circuit judge of Ingham county.

## THE SECURITIES CASE

MANDATE OF SUPREME COURT

WILL BE FORTHCOMING ON APRIL 17.

Washington, April 4.—In the supreme court of the United States during the day the chief justice handed down the opinion of the court in the case of Harriman vs. the Northern Securities company, the decision in which was announced several weeks ago. The motion for the immediate issuance of the mandate was denied, the date for issuance being fixed for April 17.

The mandate will allow the pro rata distribution of the stock of the Northern Securities company, as desired by the faction headed by James J. Hill.

E. H. Harriman, Winslow S. Pierce, the Oregon Short Line Railway company and others sought to have returned to them the original stock of the Northern Pacific company that they put into the Securities company, which would have given the Harriman faction control of the Northern Pacific railway.

## Girl Slugged and Robbed.

Minneapolis, April 4.—Rosella Helmer, a seventeen-year-old girl, lies unconscious at her home, 514 Fifth street south, as the result of a terrific blow struck her on the head by some blunt instrument in the hands of two highwaymen who, at 6:30 p. m., assailed her in a busy street and made good their escape with \$65 in money which she carried.

## THREE MEN KILLED.

Small Tank Used for Storage of Nitroglycerin Explodes.

Bay City, Mich., April 4.—Three men were killed by an explosion of a small tank used for the storage of nitroglycerin at a dynamite manufacturing plant near here during the day.

## Soldier Shot and Killed.

Havre, Mont., April 4.—Richard F. Hardway, a member of Company F, Twenty-fourth Infantry, stationed at Fort Assinaboine, was shot and killed at a resort near Havre by Robert Mudd, a trumpeter of Company H, same regiment. Mudd is in the guard house at the fort.

## Preferred Death to School.

Lincoln, Neb., April 4.—"I don't want to go to school," were the last words of Merl O'Brien, eighteen years of age, who shot himself and will die. The boy was homesick for the farm, from which the family moved so the children could attend school.

### Can't We Sell You Your Suit?

Would you not like to buy it right here in Brainerd? Would you not also like to select it directly from stock? We give you these privileges. We are receiving new ones every few days and before another week shall pass we expect to have a large line sent in for a day or two. This gives you the opportunity to select bright new stuff before it is old to any of your neighbors. Watch and wait for our announcements.

### And Now the Shirt Waist Suits.

Many of our patrons are asking for them. We will show a very large line in due season. Silks, Mohairs and of cotton materials.

We might have had them in stock now but we deem it wise to wait until every style is determined. This however will be in the very near future.

### Fancy Ribbons and Ribbon Bows.

Ribbons have not been so popular in many seasons and every well dressed lady deems them a necessity to complete her wardrobe. We doubt if you can find prettier ones anywhere than we are showing.

Also note the pretty bows we have of them. We charge nothing extra for making of the bows.

## MANY MINERS KILLED

BELIEVED THAT THIRTY-FOUR

PERISHED IN LEITER MINE AT ZEIGLER, ILL.

## FIFTEEN BODIES RECOVERED

TWO EXPLOSIONS IN SHAFTS OF

THE MINE RESPONSIBLE FOR THE FATALITIES.

Benton, Ill., April 4.—Some forty miners were entombed during the day in Joseph Leiter's mine at Zeigler by a terrific explosion of gas, and it is probable that over thirty of the buried men are dead. Fifteen dead bodies have been found. The explosion, it is supposed, was due to the fact that the Leiter mines are not worked Sunday, thus allowing gas to accumulate in the lower workings.

When between thirty-five and forty miners had descended into the mine to resume work, an explosion blew the mouth of the mine high into the air. One of the steel cages was blown to the surface from the bottom of a 500-foot shaft. The shock of the explosion was felt at Benton, twelve miles northeast of Zeigler. A teamster driving along a road half a mile from the mine was covered with falling cinders, and debris covered the floor of his wagon half an inch deep. One miner was killed and four were seriously injured at the mouth of the shaft in which the explosion occurred.

The work of rescue was begun at once by miners who were arriving when the explosion took place, but the main shaft was demolished so that rescue work has to be carried on through the air shaft.

At midnight the dead were estimated at thirty-four, and the injured at five. Up to that hour fifteen bodies had been taken out. Besides these bodies three were removed alive but with fatal injuries.

## Work of Rescue Difficult.

The rescue party finds it difficult to work in the mine owing to the absence of a proper fan to purify the mine air. All the bodies found, except two, show no marks of injury, indicating death by asphyxiation. All but four of those found worked in the shaft by numbers, and their names have not yet been secured.

The bodies are so blackened that identification is difficult.

Rescue work will continue all night. Thirty-one coffins accompanied by an undertaker, have arrived at Zeigler. Joseph Leiter is expected to reach Zeigler soon.

In the effort to recover the entombed men, five rescuers were overcome by after damp. All the searchers for the men below were let down by hand.

Among the dead is a workman employed in the tippie forty feet above ground. Three others near him were fatally wounded.

It transpires that there were two explosions close together. The first explosion took place in the air shaft and was followed by a much greater upheaval in the main shaft.

There are employed in the mine 180 men, 129 being at work days. Four cages, each containing ten men of the day force had gone down into the mine and were supposedly at the bottom when the catastrophe occurred.

The explosion wrecked the shaft, blowing out the skids on which the workers were hoisted.

There was much excitement among miners when the accident became known, because there had been a strike of long duration, and many conflicts had occurred between strikers and nonunion miners.

## CUBAN CONGRESS MEETS.

Seventh Session Receives Optimistic Message From Palma.

Havana, April 4.—The seventh session of the Cuban congress began during the day. President Palma's message congratulates the country on the continuance of order and on the fact that there have been no untoward incidents beyond those ordinarily dealt with by the courts. Notwithstanding the great movement to Cuba of workers in the sugar and other industries, the tranquility in the country districts is absolute. The message is optimistic in spirit, the only decided complaint being with reference to the diminution of attendance of public schools, which in the last four months of last year was 29,400 below the corresponding period of 1903.

President Palma characterizes this as an alarming deficiency and suggests more general attendance.

## ATTRACT GREAT ATTENTION.

Developments Resulting From Emperor William's Speech.

St. Petersburg, April 4.—The developments resulting from Emperor William's speech at Tangier Friday continue to attract great attention in the press and in diplomatic circles. The sober view is that the German emperor seized on a favorable opportunity to give France a lesson for leaving Germany out of consideration in the French-British understanding regarding Morocco with the view possibly of compelling France to make a permanent renunciation of her aspirations regarding Metz and Alsace-Lorraine, also with the practical purpose of securing a vote in the reichstag next fall for a large naval programme. There is no serious idea that the incident may lead to a conflict. With Russia enfeebled, France will have to look to Great Britain to play the role of protector assumed by Russia when Germany threatened her in 1875 and there is a good deal of speculation on the subject of the new grouping of the powers. The home papers, however, declare that, while the British press may bluster, Great Britain has secured her quid pro quo in Egypt and will leave France to take care of herself.

## Bad Fire in Texas.

Corsicana, Tex., April 4.—Fire destroyed the main building of the I. O. O. F. widows and orphans home, together with all its contents. The loss is \$100,000. Three little girls jumped from windows of the second story, one of whom is in a critical condition.

## Two Policemen Wounded.

Warsaw, April 4.—Attacks on policemen are becoming more frequent. Two officers were wounded at night, one of them being shot and the other stabbed. Their assailants escaped. Increasing unrest in labor circles is notable and well informed men are of the opinion that another general strike is imminent.

In the effort to recover the entombed men, five rescuers were overcome by after damp. All the searchers for the men below were let down by hand.

Among the dead is a workman employed in the tippie forty feet above ground. Three others near him were fatally wounded.

It transpires that there were two explosions close together. The first explosion took place in the air shaft and was followed by a much greater upheaval in the main shaft.

There are employed in the mine 180 men, 120 being at work days. Four cages, each containing ten men of the day force had gone down into the mine and were supposedly at the bottom when the catastrophe occurred. The explosion wrecked the shaft, blowing out the skids on which the workers were hoisted.

There was much excitement among miners when the accident became known, because there had been a strike of long duration, and many conflicts had occurred between strikers and nonunion miners.

## CUBAN CONGRESS MEETS.

Seventh Session Receives Optimistic Message From Palma.

Havana, April 4.—The seventh session of the Cuban congress began during the day. President Palma's message congratulates the country on the continuance of order and on the fact that there have been no untoward incidents beyond those ordinarily dealt with by the courts. Notwithstanding the great movement to Cuba of workers in the sugar and other industries, the tranquility in the country districts is absolute. The message is optimistic in spirit, the only decided complaint being with reference to the diminution of attendance of public schools, which in the last four months of last year was 29,400 below the corresponding period of 1903.

President Palma characterizes this as an alarming deficiency and suggests more general attendance.

## ATTRACT GREAT ATTENTION.

Developments Resulting From Emperor William's Speech.

St. Petersburg, April 4.—The developments resulting from Emperor William's speech at Tangier Friday continue to attract great attention in the press and in diplomatic circles. The sober view is that the German emperor seized on a favorable opportunity to give France a lesson for leaving Germany out of consideration in the French-British understanding regarding Morocco with the view possibly of compelling France to make a permanent renunciation of her aspirations regarding Metz and Alsace-Lorraine, also with the practical purpose of securing a vote in the reichstag next fall for a large naval programme. There is no serious idea that the incident may lead to a conflict. With Russia enfeebled, France will have to look to Great Britain to play the role of protector assumed by Russia when Germany threatened her in 1875 and there is a good deal of speculation on the subject of the new grouping of the powers. The home papers, however, declare that, while the British press may bluster, Great Britain has secured her quid pro quo in Egypt and will leave France to take care of herself.

## Bad Fire in Texas.

Corsicana, Tex., April 4.—Fire destroyed the main building of the I. O. O. F. widows and orphans home, together with all its contents. The loss is \$100,000. Three little girls jumped from windows of the second story, one of whom is in a critical condition.

## Two Policemen Wounded.

Warsaw, April 4.—Attacks on policemen are becoming more frequent. Two officers were wounded at night, one of them being shot and the other stabbed. Their assailants escaped. Increasing unrest in labor circles is notable and well informed men are of the opinion that another general strike is imminent.

### MUSIC AND DRAMA.

"HAPPY HOOLIGAN."

Few people of our present day theatre patrons but what know Frank E. McNish, known the world over as Silence and Fun. Mr. McNish comes to the Brainerd opera house in the title part of "Happy Hooligan." He seems to be able to extract more real fun from this character than even the funny pictures and papers can convey. His scene where he marries a young country couple in the second act is said to be one of the choicest bits of comedy work ever offered. "Happy Hooligan" is full of bright, happy music.

TOM MARKS STOCK CO.

Commencing next Monday the Tom Marks Stock company will open a week's engagement at the Brainerd opera house, playing popular productions at popular prices. This company has been playing in repertoire at Winnipeg, Grand Forks, Fargo and Crookston and the press of these cities have praised the company. On Monday night one free lady's ticket will be given with each ticket purchased.

### Concerning Subscriptions.

There seems to be a misapprehension on the part of some as regards the subscription rates on THE DAILY DISPATCH. The rate of \$4 a year or \$1 for three months, is an advance rate and placed thereon in order to save the expense of collection and avoid the loss of accounts. Some, however, seem to think that they can pay at the end of the year and are then entitled to the paper for \$4. A moment's thought will show that such a course is simply putting a premium on not paying and would if permitted result in the loss to us of many accounts of nearly or quite a year each. Parties wishing the yearly rate must pay in advance or promptly on the presentation of account by the collector. If

## BOARD OF EDUCATION

Committee Appointed to Appraise Property Belonging to the Brainerd School District.

There was a meeting of the board of education last night at the Washington school building and President Mahlum was in the chair.

A large amount of routine business was transacted, such as allowing bills, etc., and other matters of importance also came up. A communication was read from C. B. Rowley stating that he would have the leaks in the roof of the Lowell building fixed at once. The building committee was also instructed to have the roof of the Washington building repaired.

A committee was appointed, one member from each ward, to appraise the value of the school property of the city. This has not been done for years and as it is thought to be about time for the board to make a report to the state it was thought best to have the appraisal made. A committee was also appointed to look up the title of the lots on which is located the Lincoln building.

Another committee was appointed to look into the matter of refunding the state bonds which will mature in a few months.

The committee from the Commercial Club was at the meeting to formally present the communication regarding the schools of the city, each item of expenditure being gone over in detail. The same points were brought out as at the informal meeting held a few days ago, account of which was given in THE DISPATCH at that time.

At the conclusion President Mahlum called for expressions from the members of the board, but no one had anything to say and the communication was filed as read.

### Decision in Favor of Negro.

The Young Men's Debating club had last night for their question of debate, "Resolved, That the Suffrage Should Be Taken from the Negro of the Southern States." The judges, Mr. Corkery, Albert Nylund and Alden Fuller, decided in favor of I. Badeaux, J. W. Flickwir and A. H. Swanson, who composed the negative. Ray Butts, E. Doran and E. Simpson defended the affirmative and it was a hard fought battle from start to finish. The final meeting of the club will be held April 10. This will be an open meeting and all friends are invited to be present.

### FIRE DEPARTMENT ELECTION

Harmonious Meeting of the Brainerd Fire Department Held Last Night at the Central Hose House for Election

The annual election of the officers of the Brainerd fire department was held last night at the central hose house. The meeting was called for the purpose of electing officers for the ensuing year and it was one of the most harmonious held in many years. There was no contest except in the case of the second assistant chief and the two candidates for this office were cheerful.

Under the new ordinance recently passed by the city council the department had to elect but three officers, second assistant chief, a secretary and a treasurer. The council is now vested with the power of electing the chief and the first assistant is appointed by the chief.

There were two candidates for the position of second assistant chief, Jos. Weitzel and Frank Brandt. Mr. Weitzel was elected on the first ballot, the vote standing 25 to 7. Arthur J. Winter was elected secretary and John Thompson was elected treasurer. Both these officers went in without opposition.

Immediately after the general meeting of the fire department the members of Hose company No. 2 met and elected the following officers for the ensuing year:

Foreman—Mike Hanson.  
First Assistant—John Conant.  
Second Assistant—Jake Hicks.  
Secretary—Walter Bennett.  
Treasurer—Si Hall.

**Concerning Subscriptions.**  
There seems to be a misapprehension on the part of some as regards the subscription rates on THE DAILY DISPATCH. The rate of \$4 a year or \$1 for three months, is an advance rate and placed thereon in order to save the expense of collection and avoid the loss of accounts. Some, however, seem to think that they can pay at the end of the year and are then entitled to the paper for \$4. A moment's thought will show that such a course is simply putting a premium on not paying and would if permitted result in the loss to us of many accounts of nearly or quite a year each. Parties wishing the yearly rate must pay in advance or promptly on the presentation of account by the collector. If

**BOARD OF EDUCATION**

**Committee Appointed to Appraise Property Belonging to the Brainerd School District.**  
There was a meeting of the board of education last night at the Washington school building and President Mahlum was in the chair.  
A large amount of routine business was transacted, such as allowing bills, etc., and other matters of importance also came up. A communication was read from C. B. Rowley stating that he would have the leaks in the roof of the Lowell building fixed at once. The building committee was also instructed to have the roof of the Washington building repaired.  
A committee was appointed, one member from each ward, to appraise the value of the school property of the city. This has not been done for years and as it is thought to be about time for the board to make a report to the state it was thought best to have the appraisal made. A committee was also appointed to look up the title of the lots on which is located the Lincoln building.  
Another committee was appointed to look into the matter of refunding the state bonds which will mature in a few months.  
The committee from the Commercial Club was at the meeting to formally present the communication regarding the schools of the city, each item of expenditure being gone over in detail. The same points were brought out as at the informal meeting held a few days ago, account of which was given in THE DISPATCH at that time.  
At the conclusion President Mahlum called for expressions from the members of the board, but no one had anything to say and the communication was filed as read.

**FIRE DEPARTMENT ELECTION**  
**Harmonious Meeting of the Brainerd Fire Department Held Last Night at the Central Hose House for Election**  
The annual election of the officers of the Brainerd fire department was held last night at the central hose house. The meeting was called for the purpose of electing officers for the ensuing year and it was one of the most harmonious held in many years. There was no contest except in the case of the second assistant chief and the two candidates for this office were cheerful.  
Under the new ordinance recently passed by the city council the department had to elect but three officers, second assistant chief, a secretary and a treasurer. The council is now vested with the power of electing the chief and the first assistant is appointed by the chief.  
There were two candidates for the position of second assistant chief, Jos. Weitzel and Frank Brandt. Mr. Weitzel was elected on the first ballot, the vote standing 25 to 7. Arthur J. Winter was elected secretary and John Thompson was elected treasurer. Both these officers went in without opposition.  
Immediately after the general meeting of the fire department the members of Hose company No. 2 met and elected the following officers for the ensuing year:  
Foreman—Mike Hanson.  
First Assistant—John Conant.  
Second Assistant—Jake Hicks.  
Secretary—Walter Bennett.  
Treasurer—Si Hall.

## COUNCIL MEETING LAST NIGHT

Barrett & Zimmerman Insist on  
 Being Paid for Horse Sold  
 to City Which Died.

The regular meeting of the city council was held in council rooms last night and President Johnson was in the chair. All were present except Alderman Far- rar, who is out of the city.

The financial report of City Clerk Low, referred to the finance committee at the last meeting, was on motion reported O. K. and same was accepted and filed.

At the last meeting there was a request from residents on the west side of the river to have the Gull lake road vacated for some distance. The matter was referred at that time to the street committee and last night this committee was not quite ready to report. The matter was referred back to this committee and City Engineer Woolman to report on at the next meeting.

The last sad rites over the demise of the horse bought at Midway for the fire team were observed last evening. The discussion over the dead horse and the one which is still alive, but is liable to die on the hands of the council, was brought up when a communication was read from Barrett & Zimmerman, who sold the team to the city. They had evidently been notified that one of the horses was dead and wrote a pert letter back stating that they would insist that the city pay for the horse. The matter was referred to the fire committee and the city attorney. It was the sense of the council that the other horse be shipped back at once, and it is not likely that Barrett & Zimmerman will ever have another opportunity to sell horses to the present city council. The bids for the old fire team were laid on the table for future consideration.

Chief Bennett recommended that the fire hydrant be removed from the corner of Third and Holly streets.

The bid of \$200 for the old scrap iron at the electric light station was referred to the electric light committee and the superintendent of electric lights.

Chief E. H. Simmons was unanimously elected a member of the local board of health.

A petition was received signed by a large number of citizens and taxpayers, asking that the council take steps to open Ninth street from Main to Front. The matter was discussed at length, but nothing was done, the petition being referred to the street committee.

Attorney M. E. Ryan add R. G. Valentyne appeared before the council to urge the passage of an ordinance adding the duties of fire warden to those of the chief of the fire department. Mr. Ryan and Mr. Valentyne both spoke at length urging the necessity of such a move and claiming that in a year the city would save many thousands of dollars if some sort of inspection of buildings in the city as to wiring, keeping basements clean, etc., is made. City Attorney Manton called the attention of the gentlemen as well as the city council to the fact that there is already an ordinance which provides for the appointment of a fire inspector or a warden. A. H. Bennett was therefore elected unanimously to the position of fire warden later in the meeting and a resolution was unanimously adopted making the compensation \$12.50 a month. Mr. Bennett was thought by the council to be eminently capable of assuming this new position and it was generally conceded that this was a move in the right direction and that no taxpayer in the city will oppose it.

Another matter of importance last night was the election of a chief of the fire department. As stated in THE DISPATCH yesterday there was no other candidate for the position except A. H. Bennett, the present incumbent. Mr. Bennett was therefore unanimously elected to the position. J. R. Mutch and James Buley were elected to the positions of day and night drivers of the fire team.

Last night the election of an alderman from the Fourth ward to succeed the late Thos. H. Murphy came up. There was an evident strife over this position, the two factions in the Fourth ward being present by representation. Three names were presented to councilmen for their consideration, William Dodd, H. Squires and A. Johnson. A long petition was read from the residents of the ward urging the election of H. Squires. The informal ballot was taken and Squires received 4 votes, Johnson 3 and Dodd 1. A formal vote was then taken and Dodd seemed to have dropped out of sight and Squires and Johnson each received four votes. Several succeeding ballots showed the same result and finally a motion prevailed that the matter be laid on the table until the next meeting.

The matter of the petition of Mr. Peterson for rebate of sidewalk on Oak between 10th and 11th, was referred to the street committee and city engineer.

Alderman Opsahl brought up the matter of the safe belonging to Mrs. L. M. Koop which had been lying in the alley between First and Laurel over a year. No definite action was taken.

President Johnson stated that he had been told that there were planks off the general sewer and the matter was referred to the sewer committee.

Graham Bros. came before the council to ask that Front street, in front of their barn, be graded down. Referred to the street committee in connection with the city engineer.

Alderman Peterson suggested that the dirt be dumped under the bridge on Laurel street.

Alderman Peterson made a talk in regard to the Fourth ward Hose company and asked the council to donate \$100 for that company each year, and made a motion that the council give them that amount each year. Matter was laid over pending the drawing of a resolution by the city attorney covering the same.

## ANOTHER ROBBERY

### AT MERRIFIELD

M. J. Fingerson's Store Entered  
by Two Desperate Men Late  
Last Night

### MONEY AND CLOTHING TAKEN

Men Call Merrifield Storekeeper  
From His Bed to Attend to  
Their Wants

Another bold robbery was committed at Merrifield last night by two rather desperate men, who from the manner in which they conducted themselves, are old timers at the business.

The store of M. J. Fingerson of that town was the place victimized. Mr. Fingerson was aroused from his bed which was in a room upstairs over the store about 10:30 o'clock and coming down two men asked for some tobacco. He let them in the store and proceeded to get the tobacco. While his back was turned the two men whipped out a gun apiece and shoved them under Fingerson's nose. They went through his clothes and the till and got \$25 in cash and helped themselves to a coat apiece. Then they calmly marched their victim to a sofa at the rear of the store and ordered him to lay down with his face to the wall. He did, and then while one of the men stood guard the other fellow proceeded to prepare a fine luncheon. The bill of fare consisted of sardines on toasted crackers smeared with lemon juice, sliced orange and canned sliced pineapple, canned beans "just like mother used to make" and plenty of bread, pie and cake which happened to be on the shelves. When they had their fill they backed off toward the door and bade Mr. Fingerson a fond farewell and disappeared in the darkness.

One is a tall man and the other is a short man, and from the description it is thought that the men are the same fellows who did a stunt in the E. Niles' store last fall.

## CREATORE AND HIS BAND

Great Band Master Appears Before a  
Small but Appreciative Audience  
Last Night

Sig. Guiseppe Creatore, the great Italian band master, and his band of fifty-five pieces appeared at the Brainerd opera house last night and notwithstanding this man Creatore creates a furore from San Francisco to New York, Brainerd turned out a measly small house. Indeed it seemed that with all that has been said and the heralded triumph of this great organization from its western trip that the house would have been packed, but this is one of the strange things about people who attend the theatre. They cry for the best and when it stares them in the face they want something else.

The program last night was heartily received by those who were present and even Creatore himself, the true artist that he is, flung to the breezes for the time the thought of emulment and expressed himself in an appreciative manner over the applause which he received. To go into detail and try to describe each number would be impossible, but suffice to say that the playing of the "William Tell" overture, the sextette from "Lucia" and other old favorites were simply grand. Creatore himself to look upon is no an inspiring figure, but when he walks before his players and his form takes on its musical poses and music is on the wing he becomes transfigured. Most leaders appear to have as perfect control over their bands as he but he seems not only to lead but create the music by the passion and inspiration of that very minute, and every movement is perfect grace. The force that he gives the music in his appeal to his players as he urges them on to the climaxes, delicate though powerful, makes him the potent part of the music and should he step aside for a moment it would seem as though the effect were lost. The last strain, the final gesture the majestic attitude is given and Creatore becomes himself again. He bows like an ordinary school boy then walks off the stage.

But it is all wonderful, this music. There has been incarnated in Creatore during the evening the genius of the great musicians whose works can never die.

### Musical Treat Tonight.

Miss Jessica O'Brien arrived in the city this afternoon from St. Paul and is a guest of Mrs. C. M. Patek and Mrs. Henry I Cohen. Miss O'Brien will appear in a piano recital this evening at the First Congregational church and a grand musical treat is assured. She is among the most talented pianists in the northwest, if not in the United States, today, and her playing will be highly appreciated tonight.

A petition was received signed by a large number of citizens and taxpayers, asking that the council take steps to open Ninth street from Main to Front. The matter was discussed at length, but nothing was done, the petition being referred to the street committee.

Attorney M. E. Ryan add R. G. Valentyne appeared before the council to urge the passage of an ordinance adding the duties of fire warden to those of the chief of the fire department. Mr. Ryan and Mr. Valentyne both spoke at length urging the necessity of such a move and claiming that in a year the city would save many thousands of dollars if some sort of inspection of buildings in the city as to wiring, keeping basements clean, etc., is made. City Attorney Mantor called the attention of the gentlemen as well as the city council to the fact that there is already an ordinance which provides for the appointment of a fire inspector or a warden. A. H. Bennett was therefore elected unanimously to the position of fire warden later in the meeting and a resolution was unanimously adopted making the compensation \$12.50 a month. Mr. Bennett was thought by the council to be eminently capable of assuming this new position and it was generally conceded that this was a move in the right direction and that no taxpayer in the city will oppose it.

Another matter of importance last night was the election of a chief of the fire department. As stated in THE DISPATCH yesterday there was no other candidate for the position except A. H. Bennett, the present incumbent. Mr. Bennett was therefore unanimously elected to the position. J. R. Mutch and James Buley were elected to the positions of day and night drivers of the fire team.

Last night the election of an alderman from the Fourth ward to succeed the late Thos. H. Murphy came up. There was an evident strife over this position, the two factions in the Fourth ward being present by representation. Three names were presented to councilmen for their consideration, William Dodd, H. Squires and A. Johnson. A long petition was read from the residents of the ward urging the election of H. Squires. The informal ballot was taken and Squires received 4 votes, Johnson 3 and Dodd 1. A formal vote was then taken and Dodd seemed to have dropped out of sight and Squires and Johnson each received four votes. Several succeeding ballots showed the same result and finally a motion prevailed that the matter be laid on the table until the next meeting.

The matter of the petition of Mr. Peterson for rebate of sidewalk on Oak between 10th and 11th, was referred to the street committee and city engineer.

Alderman Opsahl brought up the matter of the safe belonging to Mrs. L. M. Koop which had been lying in the alley between First and Laurel over a year. No definite action was taken.

President Johnson stated that he had been told that there were planks off the general sewer and the matter was referred to the sewer committee.

Graham Bros. came before the council to ask that Front street, in front of their barn, be graded down. Referred to the street committee in connection with the city engineer.

Alderman Peterson suggested that the dirt be dumped under the bridge on Laurel street.

Alderman Peterson made a talk in regard to the Fourth ward Hose company and asked the council to donate \$100 for that company each year, and made a motion that the council give them that amount each year. Matter was laid over pending the drawing of a resolution by the city attorney covering the same.

## TO CONSTRUCT CANAL

PRESIDENT ROOSEVELT NAMES MEMBERS OF THE NEW ISTHMIAN COMMISSION.

CARRIES OUT HIS OWN PLAN

CHIEF EXECUTIVE ARRANGES MATTERS SO THREE MEN CONSTITUTE BOARD.

Washington, April 4.—The president has carried out his plans for the reorganization of the isthmian canal commission as to personnel and business methods, generally on the lines of the legislation he suggested to congress at the last session, which failed because of the rush of business in the closing hours. Within half an hour after the president's departure on his vacation trip Secretary Taft, directly in charge of canal matters, made public the personnel of the new commission and the division of duties among them. Only one member of the old commission was reappointed, Mr. Benjamin M. Harrod. Otherwise the commission is new from top to bottom, for there is a top and a bottom and a considerable difference between the functions and the pay of the commissioners.

Finding he was obliged legally to appoint seven commissioners, the president did so, but he carried out his own plan by making three of them practically the commission. The other four, though bearing the title of commissioners, not only receive a much lower compensation, but are assigned much smaller fields of activity.

Carried Out His Scheme.

The president also carried out his scheme of dividing up the work of canal building among the canal builders, so that nominally acting as a body on stated occasions, each individual member would operate in a special field. The head of the commission is a trained railway man, chosen for his administrative ability in the financial and purchasing field; the new governor of the zone is a lawyer who also has had to do with state affairs, the engineer of the commission is also known for his ability in the execution of practical work of canal construction.

The other members of the commission are placed to comply with the law as to the number of the commission, but are men of high ability as hydraulic engineers. Secretary Taft told them that they were expected to show results and that is said to be the keynote of the president's action.

The personnel of the new isthmian canal commission is as follows: Theodore P. Shonts, chairman; Charles E. Magoon, governor of canal zone; John F. Wallace, chief engineer; Rear Admiral M. T. Endicott, U. S. N.; Brigadier General Peter C. Hains, U. S. A., retired; Colonel Oswald M. Ernst, Corps Engineers, U. S. A.; Benjamin M. Harrod.

MAKES DEEPER IMPRESSION.

Morocco Incident Not at All to the Liking of France.

Paris, April 4.—The Morocco incident is daily making deeper impression, and while calmness continues to prevail there is a growing sense of the rudeness of the shock which Emperor William's visit to Tangier and his declaration give to French policy. However, for the present it is evident that the purpose is to adopt a passive attitude and await the development of events. This was shown by a conference at the foreign office during the day between Foreign Minister Delcasse and several deputies who wished to question him in the chamber concerning Morocco.

The foreign minister asked for an adjournment of the questions, saying there was nothing to add to what he had already stated in the senate. Accordingly the questions were indefinitely postponed.

The Temps says the authoritative version of Emperor William's remarks at Tangier makes it useless to deny the disobliging character of such words, which "constitute almost the maximum short of openly quarreling with France that William II. could attempt in order to be disagreeable." However, the general tone of the press is singularly free from belligerent or menacing talk.

Dies on Day of His Trial.

Lockhart, Tex., April 4.—On the day set for his trial on the charge of murdering R. W. Malone and Captain J. L. Veasy in a street fight a year ago, S. M. Nixon, a prominent politician and lawyer, dropped dead of apoplexy induced by nervous collapse. On the docket were two suits for \$50,000 each filed by the widows of the dead men.

Attempts Murder and Suicide.

Boston, April 4.—Frank Noyes, aged sixty, shot and fatally wounded his wife, Katherine, aged fifty-eight, at night and then shot himself. A daughter died recently and it is said that her death affected his mind.

Two Supposed to Have Drowned.

Sault Ste. Marie, Mich., April 4.—Frank Daigle and James Poppas are supposed to have been drowned off Point Aux Pins by falling through the ice. A searching party has left for the scene.

FIGHT AGAINST EXTRADITION.

J. Morgan Smith and His Wife Object to Going to New York.

Cincinnati, April 4.—The contest by J. Morgan Smith and wife, relatives of Nan Patterson, against extradition, and the fight against the New York detectives will go hand in hand. This was indicated by the proceedings in court during the day. Attorney Shay, for the defense, asked for time to prepare an answer. The court granted till Wednesday, when the habeas corpus proceedings will be disposed of. Mr. Shay was afterward asked what he intended to do about the letters of the Smiths that were taken by the detectives and sent to New York. He replied that action would be taken against these officers. When the habeas corpus case in behalf of Smith was called Attorney Shay alleged that the information or affidavit upon which the Smiths are held in Cincinnati was made out after the writ of habeas corpus had been issued.

"If this is true, the persons now in custody are held illegally and ought to be set free," said Judge Spiegel. "I wish to procure witnesses to show that this is true," said Attorney Shay, "and therefore ask for a continuance."

"Your honor," said Prosecuting Attorney Rulison, "we have all of the papers necessary to hold these people here with the exception of the copy of the indictment." This, he said, was in the possession of an express company in Cincinnati but had not yet been found. He said: "We are ready to go on with the habeas corpus proceedings, but ask for a continuance in the matter of the extradition."

The court then continued the case, remanding the prisoners to the county jail in charge of the sheriff.

JOHN D. ROCKEFELLER'S GIFT.

Question of the Acceptance Considered by Boston Ministers.

Boston, April 4.—By prearrangement the regular weekly meeting of the Congregationalist ministers of Boston and vicinity considered the question of the acceptance of the \$100,000 gift from John D. Rockefeller to the American board of commissioners for foreign missions and the protest of representatives of the ministers of the denominations in New England, as well as the recent report on the question accepted by the president of the prudential committee. Rev. F. A. Noble, D. D., of Chicago, representing the prudential committee, defended the action of that committee in accepting the gift. The protestants' spokesman was Rev. Daniel Evans of Cambridge. The meeting hall was overcrowded and besides the two principal speakers many were heard on both sides when the subject was open for general discussion.

SENT TO THE CAMERON DAM.

Advance Guard of Log Driving Crew Near Home of Dietz.

Chippewa Falls, Wis., April 4.—The advance guard of a log driving crew has been sent to the Cameron dam on the Thornapple river and is lodged in a camp where the members of the sheriff's posse are said to have been fired at by John F. Dietz last April. Dietz means to stand out for \$10,000, demanded from the lumber company, before he is willing to consider peace. Such a treaty is said to be out of the question and the lumber company feels it is up to the United States authorities to perform their duty and remove Dietz, and thus carry out the edicts of the courts.

PROMINENT TEXAN KILLED.

Frank J. Bell Shot in the Courthouse at Dallas.

Dallas, Tex., April 4.—Frank J. Bell, a prominent attorney of this city and grand chancellor of the Knights of Pythias of Texas, was shot and fatally injured by R. A. Parker, chief deputy district clerk. Bell died at night at a local hospital.

The shooting occurred at the district clerk's office in the courthouse and was the result of previous quarrels. Parker was seated at his desk, when Bell entered and spoke to him. Two shots were fired, both bullets reaching their mark. Parker was taken into custody.

NO NEW TRIAL FOR TUCKER.

Convicted Murderer of Mabel Page Appeals in Vain.

Cambridge, Mass., April 4.—The motion for a new trial for Charles L. Tucker, convicted of the murder of Mabel Page, is denied in a decision rendered during the day by Judges Herman and Seaman, who presided at the trial. The decision of the court will be referred to the circuit court at once.

Mabel Page was found dead in her home March 14, 1902. Tucker was arrested and a jury in the Middlesex supreme court found a verdict of murder in the first degree.

MRS. HILL NOT SERIOUSLY ILL.

Railway Magnate and His Wife at Lakewood, N. J.

Lakewood, N. J., April 4.—James J. Hill, president of the Great Northern railway, arrived here on a special train in the afternoon, accompanied by his wife. It had been reported here that Mrs. Hill was seriously ill, but Mr. Hill reported that his wife's sickness was not serious.

On Charge of Conspiracy.

Washington, April 4.—The federal grand jury has returned indictments against William G. Crawford, August W. Machen and George E. Lorenz on a charge of conspiracy in connection with the purchase of straps for mail pouches.

EXPENSES OF THE COLLECTORS.

Santo Domingo Asked to Pay Those of Americans.

Washington, April 4.—Secretary Taft of the war department and Acting Secretary Loomis of the state department had a consultation during the day and discussed the cable message to Minister Dawson giving the terms on which the men nominated by the United States to collect the revenues of the Dominican government would go to San Domingo, with the request that Mr. Dawson ascertain if these terms would be satisfactory to the Dominican government. The terms are that all expenses of the men designated going and returning from Santo Domingo and while in the island shall be paid by the Dominican government; that Mr. Colton, the chief of the collectors, shall receive a salary of \$500 a month and the other collectors' salaries to be agreed on by Mr. Colton and Mr. Morales when the collectors reach the island.

The claim of the Santo Domingo Improvement company will be dealt with like other claims against the Dominican government.

BOTH CANDIDATES CONFIDENT.

Valuable Street Railway Franchises at Stake in Chicago Election.

Chicago, April 4.—The municipal election to be held here during the day will in a large measure decide the street railway question, which for the past few years has been the chief issue in all local elections. Street railway franchises estimated to be worth \$200,000,000 are at stake. The question this year has simmered down to immediate municipal ownership, under Judge Edward E. Dunne, the Democratic candidate, or a tentative arrangement with the traction companies providing for ultimate municipal ownership under John M. Harlan, the Republican nominee.

Both Mr. Harlan and Judge Dunne have made a strenuous campaign of the city and declare their confidence in being elected.

At South Sharon, Pa., Jack Blackburn, colored, of Philadelphia, knocked out Dick Fitzpatrick, white, of Chicago, in the second round Monday night.

The New York assembly Monday night unanimously passed the bill making the term of office of the mayor of New York four years instead of two.

President Castro says he is well satisfied with the turn of American-Venezuelan affairs and feels sure there will be no difficulty between the two nations.

Young Corbett and Young Erno sparred six rounds at Philadelphia Monday night. Although no decision can be given in that city, the spectators seemed to think the bout a draw.

The twenty-second running of the Tennessee derby, distance nine furlongs and worth \$10,000 to the winner, was won Monday at Memphis by Aggie, 5 to 1, by two lengths; John Smulski, second; Jack Lory, third, Time, 1:58.

Last Hope Vanished.

When leading physicians said that W. M. Smith, of Pekin, Ill., had incurable consumption, his last hope vanished, but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave.
